

Dear Parents or Guardians,

Exciting news! This year, not only will we be using VocabularySpellingCity in our classroom, but thanks to our Premium Membership, both students and parents will benefit from the many advantages VocabularySpellingCity reserves for its Premium Members.

Every week, I will put up a new spelling and/or vocabulary list directly on our classroom's VocabularySpellingCity homepage, which students can conveniently access from home. There, they may review their words and play spelling and vocabulary games to reinforce the learning process.

Simply go to <http://www.spellingcity.com> to help your child log in with his/her assigned username and password.

Username: _____

Password: _____

Once logged in, students will be automatically redirected to our classroom's homepage, where their spelling and vocabulary lists will be clearly visible just below my Welcome Message & Daily Instructions. If your child has any assignments, they will be visible in a green box near the top of the page. Please be sure that every time your child accesses VocabularySpellingCity, s/he is logged in properly and completely finishes each game or activity to ensure that all activity is recorded and credited.

For your convenience, you can access your child's student records at any time by selecting "My Records" from the menu in the upper right hand corner.

Please select one:

I will send home weekly directions.

My welcome message will give daily/weekly instructions.

Here are my weekly directions:

Monday:

Tuesday:

Wednesday:

Thursday:

Friday:

I ask that you please encourage your child to spend about ten minutes each night working with his/her assigned words on VocabularySpellingCity over the four consecutive nights preceding our weekly test. Working together as a team will go a long way toward not only guiding our students to academic success, but also ensuring that they become independent, lifelong learners.

Respectfully,
