Dear Parents,

This year, we will be using VocabularySpellingCity.com in our classroom. VocabularySpellingCity is a website that helps students learn their weekly spelling and vocabulary words while having fun at the same time.

As a teacher, I will put up my weekly spelling lists on VocabularySpellingCity and your children can review the words, and play spelling and vocabulary games with their words to reinforce the learning process.

Here's how to help your child master his or her spelling and vocabulary words:

Simply go to www.spellingcity.com to see how the site works. To get started, click on "Sample Lists" and choose any list you like. Then try the *Teach Me*, *Test Me,* or *Play A Game* link.

You can find our class' spelling lists by using the **Find A List** feature and searching for my name, _____, or you can go directly to my VocabularySpellingCity homepage at _____. You can bookmark this URL on your computer to make it easy for your child to access the class' word lists!

Many kids enjoy building their spelling skills with Spelling City. Please encourage your children to spend about twenty minutes, two nights in a row before their weekly test. Let's work together as a team to ensure that your child becomes an independent, lifelong learner.

Yours truly,
