

Enrichment Strategy: Chronological Expression

“Quad Quest”

Verb tenses -- Past, Present, Future, Conditional

This offline enrichment strategy helps students reinforce their understanding and mastery of verb tenses. This activity is best completed after students have had a chance to play the online Featured Games for Verb Tenses.

Goal: To help students use verb tenses correctly.

What You’ll Need:

- Printer & Copier
- Quad Quest handout, one per student (number of pages depends on how many verbs you want to drill)
- Pencils

What To Do:

1. Print template, keeping in mind it allows for 3 verbs to be practiced -- print 2 templates to practice 6 verbs, etc.
2. Write verbs on template in the center of each grid (see example below, first page of handout -- verbs are in red).
3. Make enough photocopies for all students and distribute.
4. Read directions with students and go over the example together (verb: *sleep*).
5. Complete the “quad” below the example as a class (verb: *talk*).
6. Have students complete the remaining quads on their own.

Just In Case:

If students have difficulty with this activity individually...

- You can have the class complete it together as a group
- It can be done at a center instead
- A peer buddy can help struggling students with it
