

Dear Parents or Guardians of _____,

We've got exciting news! Our class will be using VocabularySpellingCity for word study, and your child has access to this great tool from home!

VocabularySpellingCity is an educational website and app that allows students to gain and retain word knowledge through practice with engaging spelling and language arts activities.

You can access VocabularySpellingCity online at SpellingCity.com. The activities can be accessed from a computer or mobile device without the use of an app.

You can find our class' vocabulary and spelling lists by visiting my VocabularySpellingCity homepage at <https://www.spellingcity.com/>_____.

Bookmark this website address on your computer to make it easy for your child to access the class's word lists. **Your child does not need to log into the site to access my homepage.** Our class' word lists will appear on the left side of the page below my welcome message.

On the web, students can select Games next to a list, then select Free to view the free activities. From here, the students can practice words using any of VocabularySpellingCity's free activities, or select **Spelling TestMe** to take a quiz on words in preparation for upcoming tests.

The activities and games on VocabularySpellingCity make word study fun while helping your kids build confidence and learn independently. Working as a team will go a long way toward guiding our students to academic success and ensuring they become lifelong learners.

Respectfully,

Your Teacher _____
